PROFESSIONAL EXPERIENCE

Full-stack Web Developer

Nov 2017 - Present | Mental Media (MultiHosting)

- Develop and maintain e-commerce platforms (e.g., OpenCart, CS-Cart, PrestaShop), implementing custom features, and integrating data from APIs - like ERP systems (SoftOne), Biblionet, Icecat- to streamline operations, leveraging Laravel for efficient data handling.
- Customize and extend CMS-based websites (e.g., WordPress, Joomla) to meet diverse client needs, handling custom theme modifications, plugins development, performance optimizations, and accessibility compliance with WCAG 2.0.
- Manage data migrations and integrations, including platform transitions (Joomla to WordPress, PhpBB to vBulletin) and automation processes for supplier data imports.

Front-end Web Developer

Aug 2017 - Oct 2017 | PSDGator

- Converted PSD/AI mockups into responsive, pixel-perfect HTML/CSS or WordPress themes, ensuring optimal cross-device/browser performance.

Full-stack Web Developer

Dec 2015 - Present | Freelance

- Built and optimized websites, through integrations and custom solutions.

Front-end Web Developer

Apr 2014 - May 2014 | igraphics.gr

- Development of user interfaces for applications to visualize results from the 2014 Italian European Parliament Elections and display historical election data. Transformed graphic mockups into responsive web pages using HTML, CSS, and jQuery.
